

Mammogram (Breast Cancer Screening)

Mammograms are offered at no cost to all female Medicare members over the age of 40. This screening must be completed between October 1, 2023 and December 31, 2024 in order for you to be eligible to receive a healthy reward.

Mammograms check for breast cancer even if a woman does not have any signs or symptoms.

During this screening, x-ray images are taken of each breast. The x-ray images look for lumps or tumors that cannot be felt.

Mammograms can also see other issues that may indicate breast problems.

Some imaging centers may require a referral. Be sure to ask when you call to make your appointment. If a referral is needed, your primary care provider will provide one for you.

Talk with your provider if you have any questions.

Your healthy rewards will be loaded onto the healthcare prepaid benefit type card after we receive the completed form from your doctor and have verified the services. Healthy rewards cannot be used to buy tobacco or alcohol. Healthy rewards cannot be converted to cash. This reward can only be earned once per calendar year.
